

SENIOR LEGACY

The senior legacy is a project that you will be able to look back on for years to come. It will be something that you can show your children, your parents, or a special relative, to remember your high school years. It will be a book that reflects who you are and how you view(ed) your high school career.

Criteria:

Your book should contain a **minimum of 20 pages**, excluding the cover and any extra pages. There are required pages besides the cover, and ones that you will be able to choose from a list. If you have other ideas, you must get them approved by me first. I strongly using strong paper (such as colored or white tag board or construction paper, or if you want it to last a long time and can afford it – **DO NOT TELL YOUR PARENTS THAT AN EXTRAVAGANT MEMORY BOOK IS REQUIRED, BECAUSE THAT IS NOT TRUE--** you may want to use acid free paper or an acid-free album from a hobby store), and the book must be bound in some way with a cover and a title.

You may do an electronic version of this assignment, but make sure your writing entries are the same length as if you were producing a physical book.
